## EXPERIENCE

A DP, photographer and editor, Justin has become a key voice in shaping the image and growing the audience of some of the most relevant musicians, brands and influencers in the world, creating a video portfolio with hundreds of millions of views. From touring with Grammy winning artists such as Jessi J and Marshmello to covering marquee events such as Lollapalooza and Red Rocks, Justin has documented countless concert experiences around the world. A scuba and free diver, Justin has shot and edited documentaries both above and below the sea; including LME's OP360 with Nina Dobrev. Above all Justin has a passion for saving this earth so that it might be here for his kids and future generations.
